## Subtitle A—Block Grants to States for Social Services<sup>3</sup>

## PURPOSES OF SUBTITLE; AUTHORIZATION OF APPROPRIATIONS

SEC. 2001. [42 U.S.C. 1397] For the purposes of consolidating Federal assistance to States for social services into a single grant, increasing State flexibility in using social service grants, and encouraging each State, as far as practicable under the conditions in that State, to furnish services directed at the goals of—

- (1) achieving or maintaining economic self-support to prevent, reduce, or eliminate dependency;
- (2) achieving or maintaining self-sufficiency, including reduction or prevention of dependency;
- (3) preventing or remedying neglect, abuse, or exploitation of children and adults unable to protect their own interests, or preserving, rehabilitating or reuniting families;
- (4) preventing or reducing inappropriate institutional care by providing for community-based care, home-based care, or other forms of less intensive care; and
- (5) securing referral or admission for institutional care when other forms of care are not appropriate, or providing services to individuals in institution,

there are authorized to be appropriated for each fiscal year such sums as may be necessary to carry out the purposes of this title.

<sup>3</sup>Section 6703(d)(1)(B) of Public Law 111–148 provides for a global amendment to “subtitle 1” in title XX by striking “this title” each place it appears and inserting “this subtitle”. Such amendment was not carried because it incorrectly cites the hierarchy which reference should have been to “subtitle A”.

## PAYMENTS TO STATES

SEC. 2002. [42 U.S.C. 1397a] (a)(1) Each State shall be entitled to payment under this title for each fiscal year in an amount equal to its allotment for such fiscal year, to be used by such State for services directed at the goals set forth in section 2001, subject to the requirements of this title.

(2) For purposes of paragraph (1)—

(A) services which are directed at the goals set forth in section 2001 include, but are not limited to, child care services, protective services for children and adults, services for children and adults in foster care, services related to the management and maintenance of the home, day care services for adults, transportation services, family planning services, training and related services, employment services, information, referral, and counseling services, the preparation and delivery of meals, health support services and appropriate combinations of services designed to meet the special needs of children, the aged, the mentally retarded, the blind, the emotionally disturbed, the physically handicapped, and alcoholics and drug addicts; and

(B) expenditures for such services may include expenditures for—

(i) administration (including planning and evaluation);

(ii) personnel training and retraining directly related to the provision of those services (including both short-and long-term training at educational institutions through grants to such institutions or by direct financial assistance to students enrolled in such institutions); and

(iii) conferences or workshops, and training or retraining through grants to nonprofit organizations within the meaning of section 501(c)(3) of the Internal Revenue Code of 1954 or to individuals with social services expertise, or through financial assistance to individuals participating in such conferences, workshops, and training or retraining (and this clause shall apply with respect to all persons involved in the delivery of such services).

Amounts allotted to a State under any provisions of Federal law referred to in the preceding sentence and transferred by a State for use in carrying out the purposes of this title shall be treated as if they were paid to the State under this title but shall not affect the computation of the State's allotment under this title. The State shall inform the Secretary of any such transfer of funds.

(e) A State may use a portion of the amounts described in subsection (a) for the purpose of purchasing technical assistance from public or private entities if the State determines that such assistance is required in developing, implementing, or administering programs funded under this title.

(f) A State may use funds provided under this title to provide vouchers, for services directed at the goals set forth in section 2001, to families, including—

The Secretary shall establish uniform definitions of services for use by the States in preparing the information required by this subsection, and make such other provision as may be necessary or appropriate to assure that compliance with the requirements of this subsection will not be unduly burdensome on the States.
