AN ACT To require the Secretary of the Interior to establish a program to provide assistance in the conservation of neotropical migratory birds.

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled,

SECTION 1. [16 U.S.C. 6101 note] SHORT TITLE.

This Act may be cited as the “Neotropical Migratory Bird Conservation Act”.

SEC. 2. [16 U.S.C. 6101] FINDINGS.

Congress finds that—

(1) of the nearly 800 bird species known to occur in the United States, approximately 500 migrate among countries, and the large majority of those species, the neotropical migrants, winter in Latin America and the Caribbean but breed in Canada and the United States;

(2) neotropical migratory bird species provide invaluable environmental, economic, recreational, and aesthetic benefits to the United States, as well as to the Western Hemisphere;

(3)(A) many neotropical migratory bird populations, once considered common, are in decline, and some have declined to the point that their long-term survival in the wild is in jeopardy; and

(B) the primary reason for the decline in the populations of those species is habitat loss and degradation (including pollution and contamination) across the species’ range; and

(4)(A) because neotropical migratory birds range across numerous international borders each year, their conservation requires the commitment and effort of all countries along their migration routes; and

(B) although numerous initiatives exist to conserve migratory birds and their habitat, those initiatives can be significantly strengthened and enhanced by increased coordination.
The purposes of this Act are—
(1) to perpetuate healthy populations of neotropical migratory birds;
(2) to assist in the conservation of neotropical migratory birds by supporting conservation initiatives in the United States, Canada, Latin America, and the Caribbean; and
(3) to provide financial resources and to foster international cooperation for those initiatives.

In this Act:
(1) FUND.—The term “Fund” means the Neotropical Migratory Bird Conservation Fund established by section 9(a).
(2) CARIBBEAN.—The term “Caribbean” includes Puerto Rico and the United States Virgin Islands.
(3) CONSERVATION.—The term “conservation” means the use of methods and procedures necessary to bring a species of neotropical migratory bird to the point at which there are sufficient populations in the wild to ensure the long-term viability of the species, including—
(A) protection and management of neotropical migratory bird populations;
(B) maintenance, management, protection, and restoration of neotropical migratory bird habitat;
(C) research and monitoring;
(D) law enforcement; and
(E) community outreach and education.
(4) FUND.—The term “Fund” means the Neotropical Migratory Bird Conservation Fund established by section 9(a).
(5) SECRETARY.—The term “Secretary” means the Secretary of the Interior.
